Full Stack Flex Developer

SUMMARY

I am certified Full Stack Flex Developer, who is passionate about technology and programming. I build my projects with intense care and love for the creative problem solving skills that coding brings to the table. Learning is my hobby; therefore, programming doesn't seem like a chore/or "just a job" to me. Rather, programming gives me a chance to enjoy the activities I love!

WORK EXPERIENCE

Full Stack Flex Developer

UConn BOOT CAMP / Hartford, CT/ March 2022 - August 2022

I have just finished UConn Boot Camp and have been certified as a Full Stack Flex Developer. UConn Boot Camps are offered through the University of Connecticut in partnership with Trilogy Education Services.

Skills

- Building front-end websites from scratch.
- Using ready-made frameworks that enable you to build efficiently.
- Creating full-stack single-page web applications using RESTful API routes and AJAX methods.
- Implementing structured and unstructured databases to convert static websites into dynamic websites that persist data.
- Utilizing the standard basics of social coding including, source control and issue tracking.
- Teamwork and project management skills as a collaborator and independent programmer.

Technologies

Owner and Craft Artist

LIZMONIA LUTHERY /Middletown, CT/ 2013 – 2020

In addition to being a musician and composer, I am also a specialist in building and repairing musical instruments. During the time that I ran my own instrument building and repair business, I worked with musicians and instrument collectors throughout Connecticut, including some associated with the Hartford Symphony.

- All aspects of business management
- Business website development
- Instrument building and repair

Music Library Graduate Assistant

WESLEYAN UNIVERSITY/Middletown, CT / 2012 – 2015

During my time as a graduate student at Wesleyan, I spent several years working with all aspects of archiving field recordings for Olin Library's World Music Archives.

- copy cataloging: downloading, editing, and adding new OCLC records to Voyager
- inventory: library stack maintenance

English

WORK EXPERIENCE CONTINUED

- digitizing, cataloging and archiving the world music collection
- interlibrary loan: dealing with student requests
- assigning LC call numbers to music and music related materials
- help cataloging new books, CDs, DVD, etc
- hand binding books and loose paper
- editing, organizing, and creating E-reserves (E-Res) webpages
- library circulation: assisting students.

Research Assistant

UNIVERSITY OF ALABAMA/Tuscaloosa, AL / 2011 – 2012

Use more short sentences. They make text easier to read. You should also use numbers, dollars and percentages as they stand out in the text.

- Teaching elementary Arabic Classes (Arb-101 and Arb-102)
- Online tutoring
- Developing teaching materials and assigning curriculum
- Testing and grading student

Teaching Assistant

UNIVERSITY OF ALABAMA/Tuscaloosa, AL / 2010 – 2012

While at the University of Alabama I was part of the Arabic language teaching team, and taught introductory Arabic language classes.

- Assisting Dr. Michelson in his project and research (Syriac History of Christianity)
- Translating Arabic Christian literature
- Modernizing old Arabic
- Translating Coptic Christian hymns
- Entering data to the project's website: Syriac.org: The Syriac Reference Portal
